ADVERTISEMENTS

The varied activities of the students reflect the complete high school life offered at Fairmont. Each student may shape his high school career in such a way that will bring him greatest success. The world crisis of today presents a challenge unrivaled.

On September 22, 1930, the new building of Fairmont High School was opened for use. During these twelve years, there has been rapid advancement. The student body has grown from 312 to 550; the faculty, from 17 to 24. The curriculum has been extended. Fairmont is representative of the very best in Ohio high schools.

The next twelve years must be greater than the first. Young men and women of dynamic personality and moral strength must be trained to serve tomorrow.

Rain . . . snow . . . sleet, and still the band marched right along with the football team. At the beginning of the season approximately thirty-five "greenhorns" reported for practice. In two weeks' time these "rookies" marched along like veterans. After the marching band (64 members in the band) season ended, the concert band was then organized by "Prof." Haines. ("Prof." is the fellow who trails the band around) . . . Joy vanishes and fireworks begin because concert season is real work. Concerts were given at Mad River School, Pasadena, assemblies, and at the N.C.R. for the dedication of the "E" pennant.

To the Southwestern District contest the band went, where it won a *superior* in Class B. A few weeks later the judges at the State Music Contests bestowed a superior upon Fairmont.

## Christmas Through The Ages

Each Christmas season Fairmont presents a pageant celebrating the Christmas festivities. This year's presentation, "Christmas Through the Ages," was beautifully done. Traditions and customs of different countries in different lands were the theme. Miss Hartsock organized and arranged the script. The Music Department rendered the beautiful Christmas songs, and the effective stagings are credited to Art and Industrial Arts Departments.

Edythe Gochoel was the reader. Members of the cast: Margaret Ashworth, Elaine Barnaby, Jim Brumm, Jacque Cook, Louise Crane, Dorothy Foster, Harriet Frey, Norma Howard, Eugene Jones, Bob Kalter, George Lenning, Robert Meckstroth, Jean Naftzger, Eugene Riel, Nancy Schriebrel, Phyllis Sterling, Betty Stoll, Bill Walther, Doris Webster, Dorothy Webster, Annalyn Whiddon. This Christmas celebration is always anticipated eagerly, and to Miss Hartsock goes the credit each year for planning this performance, assisted by Mr. Haines and the Music Department.

## Musical Revue

"Onward, Pan Americana" was presented in February by the Music Department. We are becoming more South American conscious and this revue was a mixture of wise cracking humor with South American and Mexican music. The plot centered around Owen Rice's struggles to land the weekly broadcast for Pan American travels. Mr. Haines and his Varsity Swingsters and songsters "did" the music. Miss Funk wrote the script and directed the show. Part of the proceeds went to Red Cross and Defense Bonds.

In December, the Senior  
Class presented its play

## HOME ECONOMICS CLUB

During the past year the members of the Home Economics Club have displayed great progress in their work.

On November 18, the club visited Brookville High School for the annual district home economics convention. On February 16, the freshmen girls were entertained at a Valentine party. The purpose of the party was to get the Freshman girls better acquainted with their classmates.

Throughout the year the members have knitted and sewed different articles of clothing to help the Red Cross in defense work.

Picnics, outside speakers and trips completed the year's activities.

## JOURNALISM CLASS

Writing news for the newspaper, *The Dragon*, identifying pictures, cutting out and pasting up printed material and pictures, compiling copy for the annual — all of these have been part of the diet of these “budding” journalists. Gregg Moore has helped with any art work (how do you like the plaques on the activities and dedication pages), and James Hartsock has faithfully reported sports events to the Dayton papers.

For this year’s photography around school, much credit goes to Mr. Somers, Jack Kalter, and Bill Freeman.

Much of the typing for the newspaper has been done by Miss Mary Simpson.

Mr. Hinton has continued doing an excellent publicity job with the *Dayton Herald* and *News*.

## BUSINESS

Fairmont's business and commercial department gives every opportunity to the student to go out into the business world and become successful.

Typing, Shorthand, Business English, Bookkeeping, learning to operate various business machines . . . all these make possible the offering of specialized training.

A new system was tried with the office practice class, composed of twenty-six senior students, who have had one year of typing. The work is divided into five

units. Each student has six weeks of each unit. These units include working for the teachers, calculation, dictaphone, filing, and required typing along with spelling one day each week and speed tests four days a week.

Equipment includes 31 latest model standard typewriters, 1 long carriage typewriter, 1 Monroe calculator, 1 varityper, 1 Burroughs bookkeeping machine, 1 dictaphone with six earphone connections, six filing units from Library Bureau, 1 Felt and Tarrant comptometer, and 5 Burroughs calculators.

One can readily see that a boy or girl who really tries has every opportunity to prepare himself for working in offices immediately after graduation.

## NATIONAL FORENSIC LEAGUE

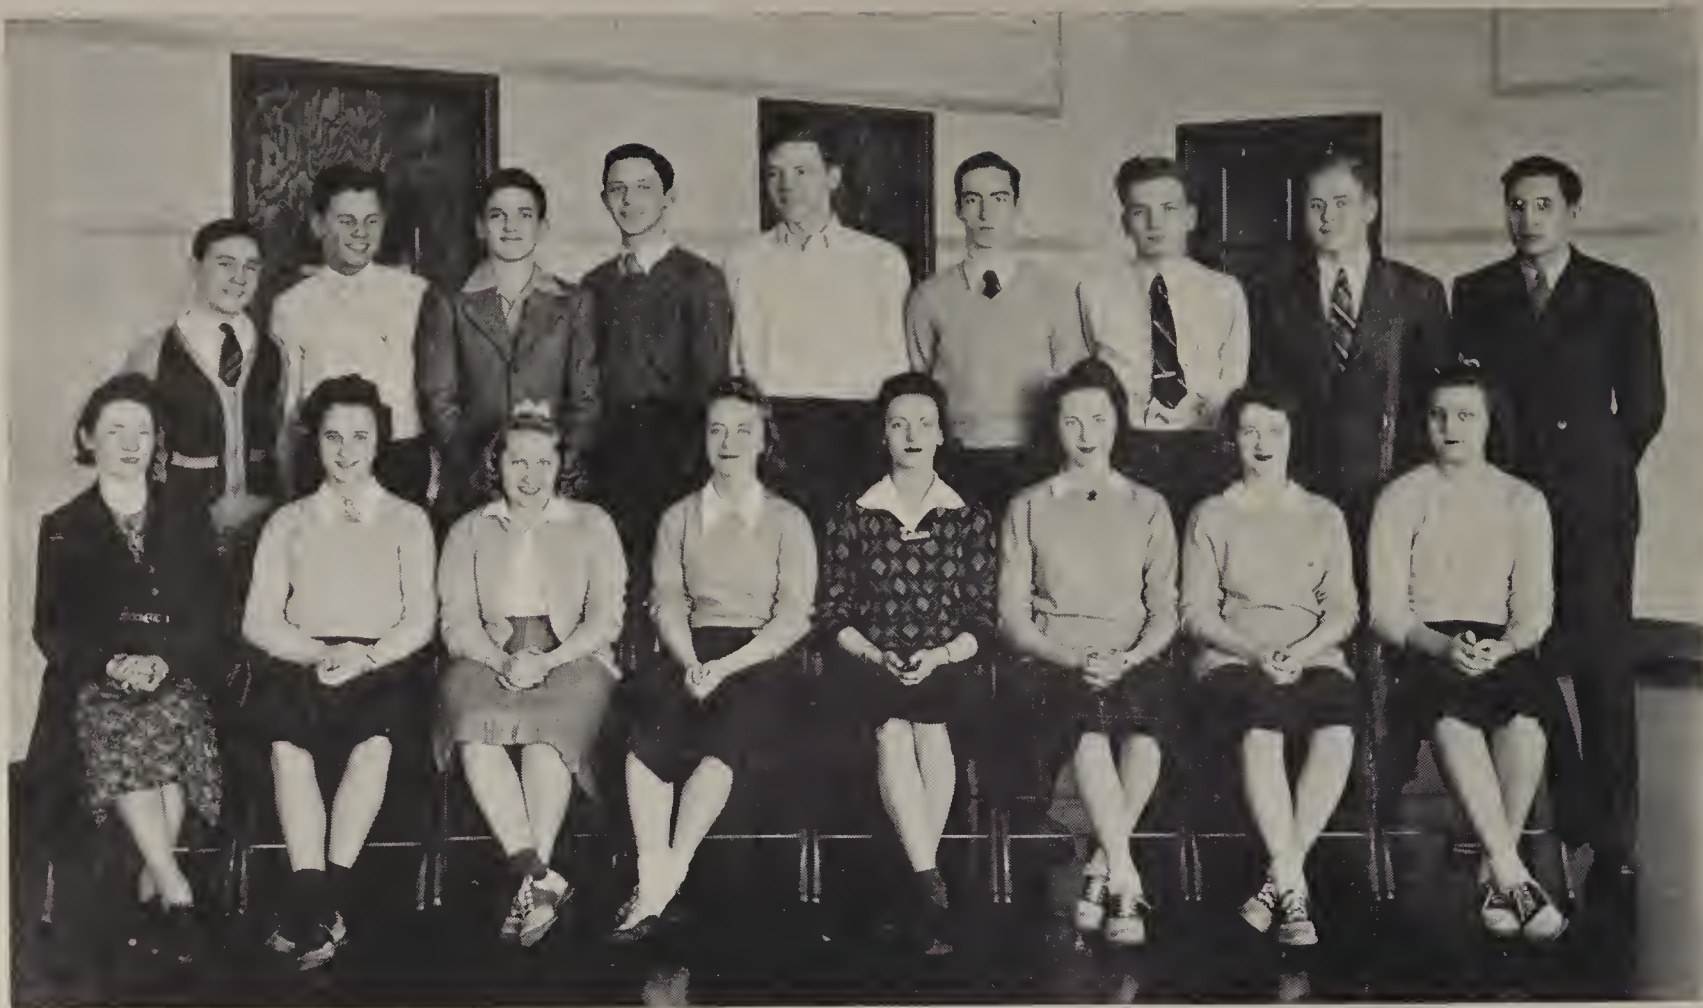

1942 marked the second year for this organization at Fairmont. John Gallagher, president; Ruth Taylor, secretary; and Nellie Welsh, treasurer, comprised the officers who guided the destinies of the group throughout the year. Pat Hedge and Duane Horton were other members returning from last year's group who helped to initiate the new members consisting of: William Avery, Dorothy Britton, Dean Cook, Alan Cripe, Janice Liebetrau, Robert E. Miller, Carol Routsong, Eileen Slemph, George Woodward, and Walter Zopf.

Degrees of Merit, Honor, Excellence and Distinction were earned by the various members by their participation in the different speech contests.

The activities of this group were climaxed by the Western Ohio District Tournament which was held at Bowling Green College on April 2, 3, and 4.

THIS GROUP WENT  
TO STATE . .

*First Row* — Miss Funck, Patricia Hedge, Dorothy Britton, Ruth Taylor, Eileen Slemph, Carol Routsong, Nellie Welsh, Janice Leibestrau.

*Second Row* — Robert Miller, George Woodward, Dean Cook, Walter Zopf, John Gallagher, Alan Cripe, Duane Horton, William Avery, Mr. Wagner.

#### OHIO HIGH SCHOOL SPEECH LEAGUE ACTIVITIES OF THE DEBATE AND CONTEST SPEECH CLASS

For the fourth consecutive year Fairmont public speakers have been members of the Ohio High School Speech League and have won honors in its various activities. In debate the affirmative speakers who represented the school in the different tournaments were Dean Cook, Patricia Hedge, Ruth Taylor, and Robert E. Miller, and the negative speakers were Alan Cripe, Duane Horton, William Avery, Walter Zopf, and John Gallagher. The tournaments were held at Ohio State University, Hamilton Public, Springfield, and Columbus North. Fairmont's district competition was with Cincinnati Withrow, Hamilton Public, Middletown, Xenia Central, Springfield, and Washington C. H.

In individual events our school was represented by: Nellie Welsh, Elaine Barnaby, and Robert E. Miller in humorous reading; Dorothy Britton, John Gallagher, Walter Zopf, and William Avery in original oratory; Eileen Slemph, George Woodward, Carol Routsong, and Nellie Welsh in dramatic reading; Janice Liebetrau, Ruth Taylor, Duane Horton, and Alan Cripe in extemporaneous speaking; and George Woodward, Dorothy Britton, Carol Routsong, John Gallagher, Eileen Slemph, Pat Hedge, and Janice Liebetrau in oratorical declamation. Tournaments in these events were held at Marysville, Hamilton, Springfield, Columbus North, and Oakwood.

## HOME ECONOMICS CLASS

Cooking and sewing—those used to mean home economics. But no more. Now are included courses in child care and related subjects, consumer education, clothing and costume design, and foods. Statistics show that 85% of the over-the-counter purchases are made by women. Students are instructed in the principles of buying and the effects of buying.

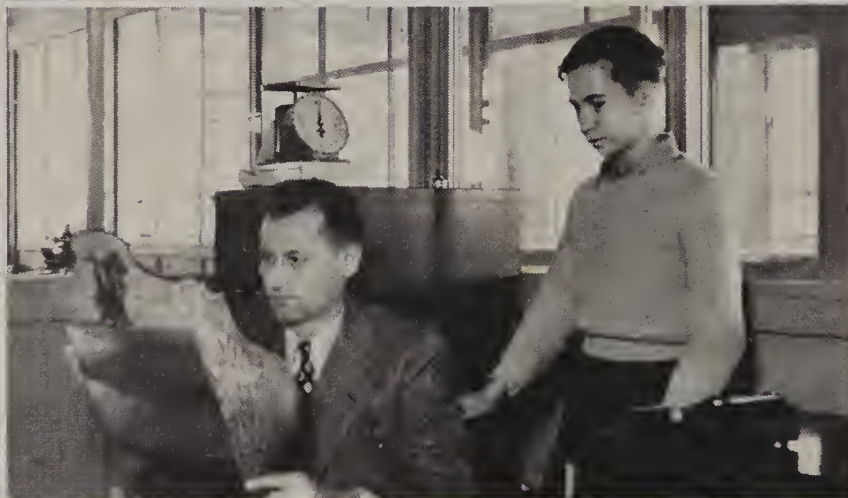

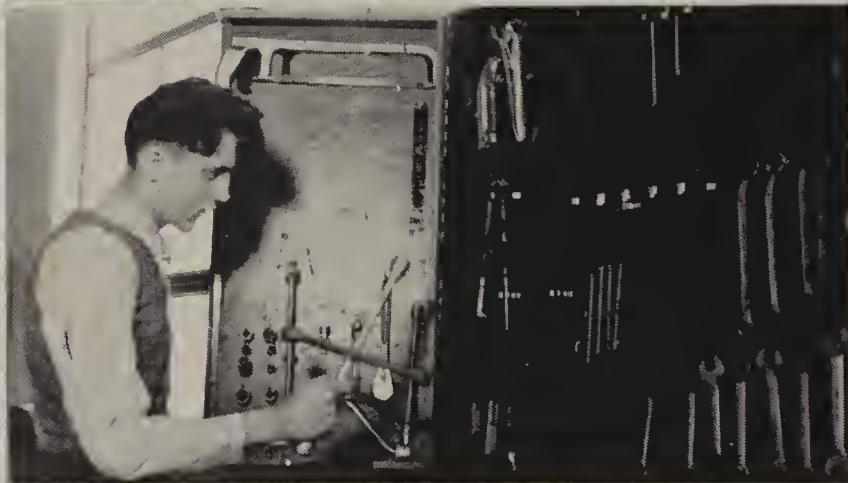

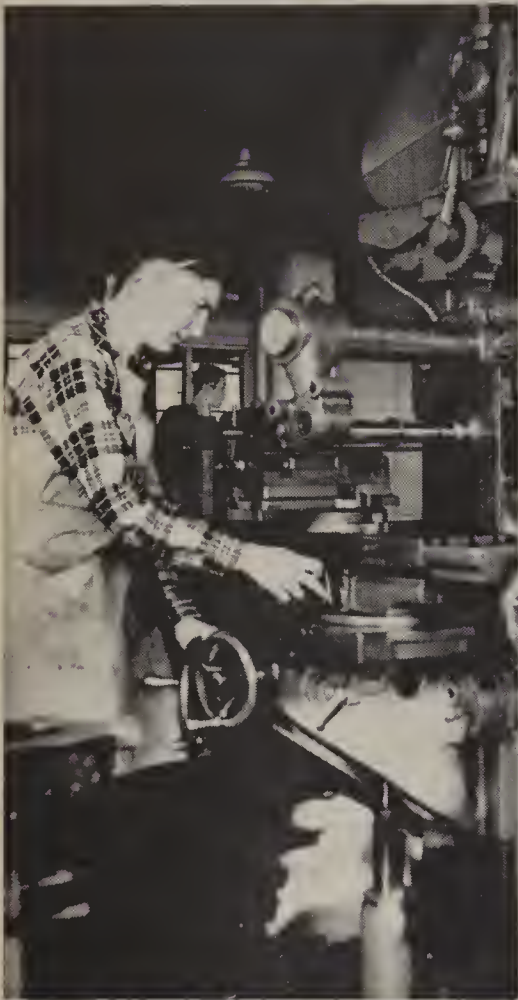

The foods laboratory is equipped with modern devices, a dining room where teas and dinners are planned to allow each student to put into practice information which she learns in class.

Good grooming is stressed. A girl may learn to bring into closer harmony with the requirements of good taste in appearance, the care of her skin, use of cosmetics, hair styling, and the artistic selection of her clothes.

The old idea of industrial arts — manual training it was called — was use of wood, a hammer, and some nails. Now our vocational departments are recognized as being essential to a well-rounded curriculum. Work with wood, metal, drafting and blueprinting, machine shop, electricity, photography, operating various types of machines — these are only part of the work done in industrial arts.

The one departure from the regular shop routine was the exchange of the first period home economics and shop groups.

The girls in the shop did practically the same type of work as the freshmen boys. They learned the technique of fixing extension and iron cords, and replacing worn washers in faucets. They then made whatnots, small wood pins, cut out on the jig saw and bracelets and pins made of plastics and metal. They also got experience in finishing and refinishing furniture.

The advanced boys received practical experience on maintenance and repair work that comes in either using

the welding equipment to repair broken parts or in many instances making new parts in the machine shop. The repair jobs constituted work on school busses, broken castings, and parts from the various schools and other work the boys brought from home to repair.

Every effort possible was made for the boys to get some experience in all the areas, particularly in welding, machine shop, forging, heat treating, sheet metal, and wood working.

Some of the senior boys were so interested in better preparing themselves for their work in high school that they took mechanical drawing and machine shop; not with the thought of credit but for their own betterment.

## FOOTBALL

Playing nine games this season, the Fairmont Dragons came through with a record of four wins, four losses, and a tie. With "Pop" Warner as head coach, Johnnie Epps as assistant, and fullback Bill Procuniar as captain, the team played the following schedule:

SEPTEMBER 19 — WEST MILTON: "Pop" Warner's last varsity football squad opened the 1941 season with a smashing 38 to 0 victory in a game that let every team member see action. Scoring was done by Kindy, Kelly, Knox and Procuniar.

SEPTEMBER 26 — MONROE: The Dragons took to the air in defeating the Monroe Hornets 19 to 6. The main excitement was caused when a member of the opposing team made a 75 yard touchdown run after intercepting a pass.

OCTOBER 3 — SIDNEY: Through a muddy field and scattered rain drops, the Fairmont team emerged with a 33 to 0 victory over the Yellowjacks. First score came when Procuniar blocked a Sidney punt and raced across the goal line.

OCTOBER 10 — MIAMISBURG: Defeat for the first time came at the hands of the Vikings by a 19-0 score. A plunging backfield broke through the Fairmont line for three scores.

OCTOBER 17 — XENIA: Playing once again in rain and on a muddy field, the Dragons lost to Xenia's Buccaneers. Fairmont's main excitement came after Don Norris made a 40 yard run in enemy territory. Final score 19 to 0.

OCTOBER 31 — TROY: Victory by a score of 9 to 2 came once again to the Fairmont team as muddy players slid over the ground in an evenly matched game. Daniel Walthers, a center, crossed the goal line for his only touchdown of the season and Fairmont's only score.

NOVEMBER 7 — PIQUA: Rain turned to snow and as fingers, noses, and toes froze, the team lost a topsy-turvy game to the Indians 24 to 14. The game featured a 100 yard touchdown run by Piqua—the longest one in the history of Miami Valley League games.

NOVEMBER 15 — GREENVILLE: The first afternoon game of the season ended in a 6 to 6 tie. Strangely enough, a tie score of 7 to 7 was the result of last year's Fairmont-Greenville game, both schools having teams of even caliber.

NOVEMBER 20 — OAKWOOD: Rain, by buckets and bushel baskets poured down as the Dragons lost a hard fought game to their bitterest rival, Oakwood, in the annual Turkey Day Contest. The final score of 8 to 0 resulted after Oakwood received a touchback and slid over for one touchdown.

In December "Pop" gave his valedictory speech to Fairmont and went to Ohio State University to continue work toward a Master's degree. A few weeks later "Johnny" Epps went into the army. To these two men, Fairmont wishes good luck.

1941-42 did not prove too propitious for the Fairmont Dragon cage outfit. With "Johnny" Epps at the helm the Dragons met Chaminade in an opener and were victorious. After that things seemed to break unfavorably. Many games were well played, but the opposing teams continued to score too much for us. About mid-season, Coach Epps was called into the United States Army and Mr. Ramsey, a tried and true man in basketball playing, took over the coaching job.

All in all Fairmont was able to win only four games of the schedule. Some good ball handling was displayed throughout the season, and prospects for next year look hopeful, since only two seniors leave — Bobby Knox and Bill Procuniar, two classy players. Knox was elected captain for the year.

The Reserve Squad spent the season drilling in fundamentals of basketball, and while not being often in the win column, they laid a foundation which will no doubt prove helpful next season. After Coach Epps left, the Reserves were coached by Mr. Ramsey, assisted by the new football coach, Mr. Hadley Watts.

## GIRLS SPORTS

The most successful hockey team ever to be seen at Fairmont raised the dust behind the stadium twice this year. With high hopes, but with little equipment, they traveled to Oakwood to be defeated in their first game 10-1. This game seemed to inspire them as they scored one of the few goals scored upon Oakwood in five years. Fairview was the victim of this inspiration as Dotty Britton became the heroine of the 1-0 Dragon victory.

Initiation of fifteen new hockey uniforms marked the second defeat when Fairview claimed revenge. Never had there been more cooperation and team work between the "eleven dragon sockers" than when they held those "daring Oakwoodites" to a 0-4 score in the most exciting game of the season.

### It Can't Be Done

The man who misses all the fun  
Is he who says, "It can't be done."  
In solemn pride he stands aloof  
And greets each venture with reproof.  
Had he the power he'd efface  
The history of the human race.  
We'd have no radio or trolley cars,  
No streets lit by electric stars,  
No telegraph nor telephone,  
We'd linger in the age of stone.  
The world would sleep if things were run  
By men who say, "It can't be done."

To the Class of 1942:

**DON'T QUIT**

When things go wrong as they sometimes will  
When the road you're trudging seems all up hill,  
When funds are low, and the debts are high,  
And when you want to smile, but you have to sigh;  
When care is pressing you down a bit,  
Rest, if you must—but don't you quit.

Life is queer with its twists and turns,  
As everyone of us sometimes learns.  
And many a failure turns about  
When he might have won had he stuck it out.  
Don't give up, though the pace seems slow.  
You may succeed with another blow.

Success is failure turned inside out.  
The silver tint of the clouds of doubt.  
And you never can tell how close you are,  
It may be near when it seems afar.  
So stick to the fight when you're hardest hit  
It's when things seem worst that you mustn't quit.
